

ISLANDWIDE HOCKEY LEAGUE

2008-2009 Fall Season

COACH – PLAYER – PARENT UNDERSTANDING

Agreeing to participate and be chosen as a member of the _____ JV/Varsity Roller Hockey Team is a privilege and not to be understood as “pay to play”. Due to the competitive nature of our team in the Islandwide R.H. League, as well as the opportunity for players to be considered for many of the awards that are presented, it is impossible to assume a guarantee of playing time.

Although fees are necessary for registration, insurance, jerseys, practices, etc.; these monies are not to be understood as guaranteed playing time for any member of the roster.

Please let it be understood that each player will have the opportunity, in practices as well as in game situations to earn playing time. The understanding that playing time is not guaranteed is imperative.

Acknowledging this premise, our team and all of its members will strive to be competitive at all times and avoid unnecessary expectations of players and parent.

It should also be noted that a commitment to the team is imperative. Players are expected to attend “All Practices.” Players who don’t attend should not expect any playing time in the following game.

Players and parents are expected to conduct themselves in an appropriate sportsmanlike manner. Inappropriate behavior will not be tolerated by the league or by the coaching staff. Players will be held to a high standard both on and off the rink.

Thank you in advance for your understanding in this matter. Please sign and return this letter to me as a confirmation that you are aware of what my coaching strategies for the upcoming season will be.
